**Performance:** The performance area will be 100' x 65'. We will have the floor covered with the protective tarp (black). The boundary line and timing lines will be clearly marked. The floor will be set back off the front side line of the gym floor approximately 3 ft. We suggest that you only move your floor back a few inches from where the black tarp begins. REMEMBER that we here at Decatur Central use a less than 1/4" floor mat (PLUS our black tarp) that is put down for the protection of the gym floor. The size of the floor mat is approximately 60' x 85' feet.

**Timeline/ Exit line:** The total performance time will stop once a group crosses the half way line from front

to back entirely. You will be exiting out the opposite doors in which you entered the gym to perform. See Performance floor flow chart enclosed.

We are looking forward to a great day of pageantry of the arts!
